

BMW E60 04 LED Taillight Instruction

J001-02-2-U

Caution! The rubber must be installed properly!

- Your E60 taillight will come along with a set of rubber (1 pc for each side).
- The rubber should be installed properly on the high end of the lamp.
- Please install rubber onto taillight as pictures 5 & 6 .

There's only one direction for installing. Don't worry to install it by the wrong way)
